## BVLGARI TESTIMONIAL FOR P&A SHOPFITTING

We have worked with the team at P&A Shopfitting for some 10 years now & I highly value their reliability, their management of contracts, always keeping us informed & their attention to detail is second to none. The projects they have completed have all been on time & within budget to the highest quality.

We turned to Paul & the team after the excellent service they provided with our shop fit outs & pro-active service, as we had an issue finding a company to help us with our reactive store maintenance. They are always there at the end of the phone or they respond by email immediately.

P&A Shopfitting make you feel confident that they understand your brand & therefore will complete each & every project to meet, or even exceed your expectations. Therefore I would highly recommend them to all other luxury retail brands.

Kind regards

Clare Edwards  
Interior Design Manager
