

CAVIAR & HOUSE PRUNIER

Date: 19th November 2014

To whom it may concern:

I am writing to give P&A Shopfitting Ltd my highest and unreserved recommendation.

Caviar House & Prunier have worked with Paul Knock for over 14 years, over this time he has completed a large number of our projects in various airport locations including our high street flagship store and restaurant in Piccadilly, London.

I am very pleased to say that all projects were completed on time and within budget to the highest standard of work.

They have recently completed our shop and bar at Selfridges and the new temporary Seafood bar in Terminal 5. They will for sure be completing our new permanent concept in the terminal in the New Year.

P&A Shopfitting possess all the attributes necessary to be excellent shopfitters / contract managers: They are diligent, responsive, and very patient with their clients. They are very professional and personal and take pride in their work.

I'm happy to provide further information if required.

With my Kindest Regards

Suhail Rebeiz

For and on Behalf of Caviar House & Prunier UK Ltd
