

PIZZAROVA

To whom it may concern,

“After P&A Shopfitting being recommended to us by our designers, we decided to hand them over the responsibility of Pizzarova’s full shop fit-out.

I can confidently say that it was the right decision, and the finished result was everything I had hoped for.

The level of commitment, eye for detail, coupled with additional design elements from P&A, helped us turn our vision for the fixed site into reality.

I would recommend P&A Shopfitting to any business owner looking to fit-out their Food & Beverage premises.”
